---

CW Energy 545 Watt Bifacial Solar Panel (Silver Frame). 12-year product warranty on materials and workmanship. 30-year linear power output performance warranty.

WAAREE 545W solar panel integrates advanced bifacial Mono PERC technology, designed for superior energy efficiency and durability. With a robust dual glass construction ...

Assembled with 11BB bifacial PERCIUM and half-cell configuration, these double glass modules have the capability of converting the incident light from the rear side together with the front ...

545W monofacial output with up to 710W bifacial gain, powered by half-cut MBB cell technology for minimized power loss and higher yield. Laminated on both sides with EVA and glass, this ...

545W monofacial output with up to 710W bifacial gain, powered by half-cut MBB cell technology for minimized power loss and higher yield. ...

Explore Bluebird's highly efficient 545W half-cut solar panels with 144 cells that come with a 30-year linear warranty. Enquire now for pricing.

High-efficiency bifacial solar panels designed for maximum energy output and durability. Engineered for low power loss, improved shading ...

Let our team find suppliers for you, for free!

CW Energy made solar cells in 545-144PMB10 two times smaller than the standard size, thus reducing power loss and improving low-light behavior. At 21.1% efficiency, 545-144PMB10 ...
