Where can I see a prototype of a container house?

Check us out on Fox News! Take a 360° tour inside one of our container homes and find out what makes these customizable houses one of the next big trends in architecture. Our prototype is now on display at: 81 Lancaster Ave (at the intersection of Route 30 and 401) Malvern, PA You are welcome to visit it!

What is a container house?

CW Dwellings - Your container home from design to delivery. Why container houses? Why build houses with containers? Containers are an excellent building material for houses, as they are designed to withstand heavy internal and external loads under the most adverse conditions that a house would ever have to endure.

Are prefab cabin kits a good choice?

Prefab cabins are a practical and economical choice for anyone who wants to build a home in a short amount of time. The cost of prefab cabin kits is also more affordable compared to traditional new home construction. Explore the options available here for prefab cabin kits to find the best one for your budget and needs.

Can a container house withstand tornadoes?

Resistance to tornadoes: properly anchored, reinforced, and built with a solid foundation, a container house can best respond to the effects of tornadoes. Resistance to severe weather: prepared to withstand long trips overseas, container houses are very resilient to inclement weather and can be located anywhere on the planet.
