Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Solarfold amortises very quickly, whether operating in Italy, northern Germany or in Austria; and guarantees ideal energy yields - whatever the weather. It's an investment that pays off very ...

Austrian startup Solar Container has introduced a groundbreaking solution to portable renewable energy with its innovative SolarCont system, housed in a standard-size ...

Austria-based Solarcontainer (f. 2022) have created a 140kWp 120m solar array which unfolds from a standard 20ft shipping container ...

Austrian startup Solar Container has introduced a groundbreaking solution to portable renewable energy with its innovative ...

Austria-based Solarcontainer (f. 2022) have created a 140kWp 120m solar array which unfolds from a standard 20ft shipping container-sized box for easy transport and use in ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Austrian startup Solar Container has unveiled a highly sophisticated and portable photovoltaic energy system that can fit 240 solar panel modules in a standard-size container.

The Austrian energy company SolarCont has developed a mobile solar container that stores foldable photovoltaic panels for portable green energy anywhere.

Solarfold amortises very quickly, whether operating in Italy, northern Germany or in Austria; and guarantees ideal energy yields - whatever the ...
