International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, ...

Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

Production has begun at a battery energy storage system (BESS) factory designated as a project of strategic importance by the ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, ...

This solar plus storage project, located in Razlog, Southwestern Bulgaria, was realized by the EPC company Solarpro in partnership with the stationary battery manufacturer ...

The new facility officially went live in early June, with the delivery of Hithium's 16 energy storage containers, each with a capacity of ...

IPS has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria - a site recognized by the European Commission as ...

This solar plus storage project, located in Razlog, Southwestern Bulgaria, was realized by the EPC company
