What is an outdoor Battery Cabinet?

Outdoor battery cabinet protects contents from harmful outdoor elements such as rain, snow, dust, external heat, etc. Plus, it provides protection to personnel against access to dangerous components. As a famous manufacturer in China, KDM supplies thousands of outdoor battery cabinets for different purposes.

What is KDM outdoor Battery Cabinet?

KDM Outdoor Battery Cabinet guarantees the service life of the batteries. It also enhances the temperature of the main facilities and power equipment in the base station so as to lessen power consumption. KDM Outdoor Battery Cabinet has high safety, fast assembly, maintenance-free, suitable for the rigid environment.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

What is the best material for outdoor battery cabinets?

Stainless Steel - KDM can fabricate outdoor battery cabinets from different variants of steel. It has specific characteristics, corrosion-resistant and durable. Aluminium - a material that is affordable and versatile. It also offers ventilation and heat reduction features perfect for fabricating outdoor battery cabinets.
