-----

By integrating high-performance solar panels directly into the container structure, this unit captures solar energy anytime, anywhere. Perfect for industries such as petrochemicals, ...

Each container is custom-modified with insulation, ventilation, fire suppression options, and temperature control to protect your HVAC compressors, battery banks, and related electronics.

At Highjoule, we specialize in designing and manufacturing customized solar and energy storage solutions to meet diverse energy demands -- from grid-tied urban systems to remote off-grid ...

Our Solarator(TM) cold chain products are engineered for high-performance, temperature-controlled storage, delivering reliable refrigeration, freezing, and ice-making capabilities.

Whether you need storage, a temporary office or a permanent workspace, our modified shipping container are an affordable and sustainable option. We now also offer lavatories as an option ...

Our Solarator(TM) cold chain products are engineered for high-performance, temperature-controlled storage, delivering reliable refrigeration, freezing, ...

The features of the LZY-MSC4 include solar-powered efficiency, mobility, and precision temperature control, ensuring a cold-chain solution that is more reliable and sustainable than ...

Our core team brings 15+ years in renewables and container manufacturing. From system design to factory testing, we size and deliver SolaraBox Mobile Solar Containers that meet site needs ...

Solarfold(TM) features a patented dual-rail guiding mechanism, 40% higher energy density, automated
