-----

The item under consideration is referred to as a Battery Energy Storage System. The system will be imported under four model numbers: SBE 125, SBE 250, SBE 500, and ...

This article provides a detailed overview of the marine export process for lithium battery energy storage cabinets, covering aspects such as their components, booking, ...

Establishing a robust compliance framework is critical for organizations dealing with energy storage products, not just to understand the classification but to comply with local ...

The U.S. International Trade Commission (USITC) publishes and maintains the HTS and provides technical information on its structure and modification.

An Energy Storage Cabinet, also known as a Lithium Battery Cabinet, is a specialized storage solution designed to safely house and protect lithium-ion batteries.

Harmonized System (HS) Codes  
How You Use The HS Code  
How to Identify Your Product's (U.S.) Schedule B Code  
How to Identify Your Product's Foreign HS Code  
The 6-digit Harmonized System Subheading will be the same whether you are importing or exporting into any country of the World Customs Organization. This ensures that all countries uniformly classify their products. To find your product's HS code, you can utilize tools such as the Customs Info Database. See more on [trade.gov](https://trade.gov).
