With the Zurich Energy Storage Project 2024, the country takes another leap toward achieving its 2050 net-zero targets. This project focuses on large-scale battery storage systems designed to ...

The new professorship "Electrical Energy Storage Systems" seeks to develop advanced storage technologies that will enable a reliable and sustainable ...

Through case studies focusing on decentralized multi-energy systems (D-MES) and the Swiss electricity system, the project aims to provide evidence-based insights for policymakers and ...

Swiss engineers are converting excess summer solar into hydrogen stored in repurposed natural gas caverns. Come winter, this becomes heating fuel - solving the ...

Our recent publication introduces a new open dataset that addresses this gap, where future distributed energy resources (DERs) are expected to be deployed at over two ...

The database supports studies on flexibility provision of distributed energy resources, distribution grid resilience, and national energy policy, among other topics.

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in ...

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland from 20MW to 28MW, making it ...

A new pumped-storage power station, one of the most powerful in Europe, came on stream in canton Valais in

Distributed energy storage project in Zurich Switzerland

southern Switzerland in July 2022.

Battery energy storage PCS solution for EKZ, one of Switzerland's largest energy companies BESS 1 MW / 250 kWh PCS solution at the Dietikon Power Plant in Zurich, Switzerland.

The new professorship "Electrical Energy Storage Systems" seeks to develop advanced storage technologies that will enable a reliable and sustainable energy supply. On the one hand, we ...

A comprehensive dataset providing synthetic allocation of distributed energy resources (DERs) to medium-voltage and low-voltage distribution grids of Switzerland.
