Whether you need NEMA-rated outdoor enclosures, outdoor telecom cabinets, BESS solutions, or cabinet air conditioners, AZE has the expertise and products to meet your needs.

The NEMA type outdoor lithium battery enclosure can effectively control the inner ideal temperature of the cabinet and make the battery run in an ideal temperature condition.

Most BESS products on the market require an external power supply circuit for their auxiliary loads, although some have built-in circuits and do not need an external supply.
