Do I need a Monaco representative to install a central receiving server?

All Monaco Central Receiving server installations require an authorized Monaco representative. Except as stated in this warranty, Monaco makes no warranty, expressed or implied (either in fact or by operation of law), statutory, or otherwise. All warranties not expressly stated in this document are waived by you.

How do I communicate with a Monaco RFM 7000?

Use for communicating with a Monaco RFM 7000, a Frequency Shift Keying (FSK) narrowband radio modem. Remote units that communicate with the D-21 using the RFM 7000 include the BT2-7, BT2-8, BT2-8S, BT-X, and M-2 conventional and addressable fire alarm control panels. See "Adding a RID for the RFM 7000 and RFM-X" on page 2-38.

What radio modems work with a Monaco RFM 5000?

Use for communicating with a Monaco RFM 5000, a Dual-Tone Multi-Frequency (DTMF) radio modem. Remote units that communicate with the D-21 using the RFM 5000 include the BT2-3, BT2-4, and the M-1 conventional and addressable fire alarm control panels. See "Adding a RID for the RFM 5000" on page 2-31.

RFM 7000 (FSK Radio Modem)
