Experience cutting-edge solar solutions tailored for the unique needs of the region. From state-of-the-art solar panels to expert installations, we're committed to powering Qatar.

3- PV Diesel Hybrid Solution
4- Solar Pumping System
5- Off Grid Solar Power System Without Batteries
A solar water pump or a solar photo-voltaic water pumping system is a system powered by solar energy. It is just like the traditional electric pump with the only exception that it uses solar energy instead of fossil fuel or electricity. It consists of one or more solar panels, also known as solar photo-voltaic modules, a motor pump set, electronic ...
