---

Looking to 2030, Riga plans to deploy liquid air storage - essentially bottling winter cold for summer AC use. It's like making snowballs in July, but for real energy savings.

Our battery energy storage systems are equipped with latest and most advanced battery storage technologies and produced in standardized serial manufacturing. This provides you with ...

Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments ...

Summary: Discover how Riga's emerging energy storage manufacturers are revolutionizing renewable energy integration, grid stability, and industrial applications across Europe.

Backed by BlackRock's Diversified Infrastructure business, Jupiter Power has a strategic and established portfolio of utility-scale energy storage projects operating or in construction in the ...

Hanersun has announced the commissioning of a 1.15MWh commercial energy storage project in the Latvian capital Riga. The ...

This article explores the cutting-edge technologies and market trends shaping Riga's energy storage sector, offering actionable insights for businesses and policymakers.

Hanersun has announced the commissioning of a 1.15MWh commercial energy storage project in the Latvian capital Riga. The project, featuring five units of the company's ...

The first BESS projects are being implemented in Latvia and at Latvenergo production sites - starting with the smaller-scale BESS at Latvenergo AS CHPP-1 and ...

Including Tesla, GE and Enphase, this week's Top 10 runs through the leading energy storage companies around the world that are revolutionising the space. Whether it be energy that ...

Modern BMS solutions in Riga's installations achieve 99.97% cell monitoring accuracy, extending battery lifecycles beyond 8,000 cycles. That's like charging your phone three times daily for ...

Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments planned in wind, solar, biomass, and ...
