Sodium is a powerful optimization mod for the Minecraft client, which greatly improves frame rates and micro-stutter, while fixing many graphical issues in Minecraft. Unlike other rendering ...

Sodium-ion (Na-ion) battery energy storage system (BESS) startup Peak Energy has announced a multi-year phased agreement with developer Jupiter Power to supply up to ...

Although sodium is the sixth most abundant element on earth and comprises about 2.6% of the earth's crust, it is a very reactive element and is never found free in nature. Pure sodium was ...

Peak Energy has announced a multi-year phased agreement with Jupiter Power in which it will supply up to 4.75 gigawatt hours (GWh) of its industry-leading sodium-ion battery ...

Two battery companies are joining forces with a plan to deploy energy storage systems in the US that rely on sodium-ion technology.

Discover how US start-up Peak Energy is driving the future of sodium-ion batteries, offering a China-free alternative to lithium-ion for energy storage, with lower costs, ...

Peak Energy entered a multi-year phased agreement with Jupiter Power to deliver up to 4.75 GWh of its sodium-ion battery storage systems between 2027 and 2030, featuring ...

Under the agreement, Peak Energy will supply up to 4.75GWh of its industry-leading sodium-ion battery energy storage systems (ESS) to Jupiter Power, for deployment ...

The usage of soda ash as a primary sodium source enables several advantages in sodium-ion battery applications, particularly in plug-in electric vehicles (PEV) and grid storage.

Hyponatremia is the term used when your blood sodium is too low. Learn about symptoms, causes and treatment of this potentially dangerous condition.

Sodium is the fourth most abundant element on earth, comprising about 2.6% of the earth's crust; it is the most abundant of the alkali group of metals. It is now obtained commercially by the ...

sodium (Na), chemical element of the alkali metal group (Group 1 [Ia]) of the periodic table. Sodium is a very soft silvery-white metal. Sodium is the most common alkali ...
