---

All-in-one solar street light integrated all components in one fixture, including LED light, battery, charge controller, solar panel, easy for installation, no need wiring or extra brackets.

Wide power range: 30W~120W. Solar panel + led chip + charge controller + battery all in one box. High Lumen output up to 170lm/w with high-quality LED chips. With Intelligent power ...

The optimal lithium battery size for solar street lights depends on light wattage, nightly runtime, and backup days. Use:  $\text{Capacity (Ah)} = (\text{Watt-hours/night} \times \text{Backup days}) / \dots$

Durable & Smart Technology: High-tech LiFePO4 12.8V 75AH battery with over 2000 charge cycles, MPPT controller, microwave motion sensor, and intelligent time ...

30w All in One Solar Street Light has a built-in infrared motion sensor that automatically adjusts the LED light output from full brightness to a lower level based on detected objects moving ...

Ensure the longevity and efficiency of your solar street lights with the 30W Replacement Battery from Solera. This high-quality LiFePO4 battery is designed to provide reliable power to your ...

Our solar lighting series combines efficiency, durability, and ease of use, making it an ideal choice for outdoor lighting in various environments. - ...

Equipped with automatic light control and a 30AH lithium battery, it provides long-lasting, eco-friendly lighting for residential and small commercial spaces. Easy ...

Equipped with automatic light control and a 30AH lithium battery, it provides long-lasting, eco-friendly lighting for residential and small commercial spaces. Easy to install and maintain, this ...
