Is Tirana a good place to install solar panels?

Tirana, Albania, situated at a latitude and longitude of 41.3253 and 19.8184 respectively, is a favorable location for solar photovoltaic (PV) installations due to its varying seasonal average daily solar irradiance per kilowatt of installed capacity. In the summer season, it's as high as 7.85 kWh/day while in autumn it averages at 3.70 kWh/day.

How to optimize solar generation in Tirana?

Assuming you can modify the tilt angle of your solar PV panels throughout the year, you can optimize your solar generation in Tirana, Albania as follows: In Summer, set the angle of your panels to 25°; facing South. In Autumn, tilt panels to 45°; facing South for maximum generation.

How much solar energy does Tirana produce a day?

Average 5.74 kWh/day in Spring. To maximize your solar PV system's energy output in Tirana, Albania (Lat/Long 41.3253, 19.8184) throughout the year, you should tilt your panels at an angle of 35°; South for fixed panel installations.

As a manufacturer, supplier, and installer of solar panels, solar EPC, rooftop solar plants, solar water heaters, solar pumps, solar lights, solar EV charging stations, and solar power plants, ...

If you can adjust the tilt angle of your solar PV panels, please refer to the seasonal tilt angles below for optimal solar energy production in Tirana, ...

Search results of Top 6 Solar Energy Companies in Tirana, Albania, near me. Listings are verified with accurate business information.

Identify and compare relevant B2B manufacturers, suppliers and retailers. Solares specializes in solar energy solutions, offering a variety of certified products such as solar ...

VEGA GROUP is an Albania-based design and implementation company specializing in residential,
