What is an outdoor Battery Cabinet?

Outdoor battery cabinet protects contents from harmful outdoor elements such as rain, snow, dust, external heat, etc. Plus, it provides protection to personnel against access to dangerous components. As a famous manufacturer in China, KDM supplies thousands of outdoor battery cabinets for different purposes.

What is KDM outdoor Battery Cabinet?

KDM Outdoor Battery Cabinet guarantees the service life of the batteries. It also enhances the temperature of the main facilities and power equipment in the base station so as to lessen power consumption. KDM Outdoor Battery Cabinet has high safety, fast assembly, maintenance-free, suitable for the rigid environment.

How a battery swapping cabinet is managed by Shenrui?

Program Process ---- The battery operation data and the operation information of the battery swapping cabinet are uploaded to the cloud for management through the IOT module of the battery swapping cabinet. Shenrui provides on-board VCU, vehicle control module, replacement battery BMS module, module and cloud platform data can be directly linked.

What is the difference between stainless steel and aluminium outdoor Battery Cabinet?

The stainless steel outdoor battery cabinet is designed with good edge and finishing. It is used as distribution control of various buildings, such as commercial net points, stations, laboratories, factories, etc. Aluminium Outdoor Battery Cabinet is made from 15 Gauge 5005 aluminum with a 7-gauge rear mounting plate.

It is designed for a variety of applications and can be tailored to fit your specific needs. This cost effective solution has a unique cube design that ...

We supply outdoor electrical enclosures and electrical cabinets for low-voltage switchgear and control gear assemblies. They are manufactured to the highest standards using world-class ...
